TO: Superintendents/Charter School Administrators

FROM: Timothy Carney
Bureau of Federal Compliance

DATE: April 15, 2020

SUBJECT: FY21 Program Assurances

Attached are the 2020-21 school year (SY) New Hampshire Department of Education (NHDOE) Program Assurances for the following federal formula grants:

- Every Student Succeeds Act
  - Title I, Part A;
  - Title II, Part A;
  - Title III, Part A;
  - Title IV, Part A;
  - Title V, Part B, Subpart 2
- Individuals with Disabilities Education Act, Part B; and
- Carl D. Perkins Strengthening Career and Technical Education for the 21st Century Act

As the Superintendent/Charter School Administrator you must carefully review and sign for each funding source that you will be accepting for the 2020-21 SY. The signature blocks are at the end of each assurance section. If the local education agency (LEA) is not eligible for and/or does not intend to apply for a particular grant program, no signature is required and that section can be skipped. Assurances must be signed and uploaded to the District Page of the online Grants Management System before an application for funds can be substantially approved.

At the end of this document you will find the General Education Provisions Act (GEPA) Section 427 which requires each LEA applying for federal funds to include in its application a description of the steps the LEA proposes to take to ensure equitable access to and participation in its federally assisted programs for students, teachers, and other program beneficiaries with special needs. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, et al from such access to, or participation in, the federally funded projects or activities.
All LEAs accepting federal grants must provide a description of how it will ensure equitable access for students and teachers to participate in federally assisted programs. Please provide a clear and succinct description of how you plan to address those barriers that are applicable to the LEAs circumstances.

Please remember that Program Assurances are reviewed and signed by you, the Superintendent/Charter School Administrator as a way of indicating your agreement with the laws and regulations specific to certain grant types. The assurances below are not all-inclusive as to the entire scope of requirements for the LEA. Superintendents/Charter School Administrators are responsible for understanding all requirements of the grants they receive.

Due to the ongoing COVID-19 pandemic, the NHDOE recognizes that the Federal government may implement changes to grant requirements (time extensions, waivers to reporting requirements, modifications to regulations, etc.) that may impact these program assurances. As the potential changes are not known at this time, the NHDOE may issue future amendments to these program assurances as deemed necessary to address any changes required by our Federal partners.

The Process:
Please read each step carefully:

1. The Superintendent/Charter School Administrator carefully reviews the assurances for each federal program in which the LEA is participating and consults with the LEA School Board/Board of Trustees about the assurances.
2. The Superintendent/Charter School Administrator signs and dates the bottom of the Program Assurance document(s) for each grant program in which they are participating.
3. All Superintendent/Charter School Administrators (or designee) must complete the GEPA section.
4. The assurances must then be scanned and uploaded to the District Page of the online Grants Management System (GMS).
5. If an LEA is not participating in a particular grant program, the LEA does not need to sign for the assurances that program. For example, if an LEA is not the fiscal agent for Perkins V, they do not need to sign the assurances for the Perkins V program.

Please contact your NHDOE program manager as listed on the next page if you have any questions.

**Section A: Assurances for ESSA - Title I, Part A**

All Sections cited are from the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act through P.L. 114-95, unless otherwise noted.

The local education agency (LEA) hereby assures the New Hampshire Department of Education that pursuant to the requirements in ESSA, Title I, Part A the LEA will:

**A-1 USE FEDERAL FUNDS ONLY TO SUPPLEMENT, NOT SUPPLANT, OTHER RESOURCES**

Use federal funds received under this part only to supplement the funds that would, in the absence of such federal funds, be made available from non-federal sources for the education of students participating in programs assisted under Title I, and not to supplant such funds. *Section 1118(b).*

Under ESSA, LEAs must demonstrate that the methodology they use to allocate state and local funds to schools provides each Title I school with all of the state and local money it would receive if it did not participate in the Title I program. This should expand Title I’s spending options. Title I costs must still be allowable and must still support eligible students among other requirements.

**A-2 MEET COMPARABILITY OF SERVICES REQUIREMENTS**

Ensure compliance with all comparability requirements, including establishing and implementing on a grade-span by grade-span basis or a school-by-school basis: (a) a local educational agency-
wide salary schedule; (b) a policy to ensure equivalence among schools in teachers, administrators, and other staff; and (c) a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. Section 1118(c).

A-3 INFORM SCHOOLS ABOUT SCHOOLWIDE PROGRAM OPTIONS AND PROVIDE TECHNICAL ASSISTANCE TO SCHOOLWIDE PROGRAMS
Inform eligible schools (40% poverty and above) and parents of schoolwide program authority and the ability of such schools to consolidate funds from federal, state, and local sources under Section 1114.

Provide technical assistance and support to schoolwide programs, including a one-year planning period (exceptions provided in Section 1114 (b)(1)), in consultation with stakeholders described in Section 1114(b)(2) resulting in a written plan that addresses the required components pursuant to Section 1114.

A-4 PROVIDE SERVICES TO ELIGIBLE STUDENTS IN TARGETED ASSISTANCE SCHOOLS
Provide supplementary services to educationally disadvantaged students in Title I schools. Eligible students are children identified by the school as failing, or most at risk of failing, to meet the state’s challenging student academic achievement standards on the basis of multiple, educationally related, objective criteria, pursuant to Section 1115.

A-5 PROVIDE ASSISTANCE TO SCHOOLS TO CLOSE THE ACIEVIEMENT GAP
Ensure that all children receive a high-quality education and close the achievement gap between children meeting the challenging State academic standards and those children who are not meeting such standards. Section 1112(b).

A-6 ENSURE QUALIFIED AND EFFECTIVE EDUCATORS IN ALL LEA SCHOOLS
Ensure, through incentives for voluntary transfers, the provision of professional development, recruitment programs, or other effective strategies, that students from low-income families and minority students are not taught at higher rates than other students by unqualified, out-of-field, or beginning educators. Section 1111(g)(1)(B).

Ensure that all teachers and paraprofessionals working in a program supported with Title I funds meet applicable state certification and licensure requirements, including any requirements for certification obtained through alternative routes to certification. Section 1111(g)(2)(I).

At the beginning of each school year, the LEA receiving funds under this Part shall notify the parent(s) of each student attending any school receiving funds under this Part that the parents may request, and the LEA will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student’s classroom teachers, including at a minimum, the following: (i) Whether the students’ teacher (i) has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; (ii) is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and, (iii) is teaching in the field of discipline of the certification of the teacher. Section 1112(e)(1).

A-7 USE INTERVENTIONS THAT IMPROVE OUTCOMES FOR STUDENTS
Take into account the strength of the evidence when selecting curricula and relevant interventions, identifying supports, services, and interventions that are likely to be effective for improving student outcomes. Title I, Section 1003 requires the use of evidence-based
interventions that meet higher levels of evidence for schools identified for Comprehensive or Targeted Support and Improvement. Section 1003 (b)(1)(B) and Section 8101(21)(A).

A-8 ASSIST SCHOOLS TO INCREASE PARENT AND FAMILY ENGAGEMENT
Develop and maintain a written policy on parent and family engagement and work in consultation with schools as they develop and implement their plans for activities under Section 1116. Parents shall be notified of this policy in an understandable and uniform format and to the extent practicable, provided in a language the parents can understand. Such policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school. Section 1116(b)(1).

Conduct outreach to all parents and family members and implement programs, activities, and procedures for the involvement of parents and family members in programs assisted under this Part consistent with this Section. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children. Each LEA shall develop jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy. The policy shall establish the LEA's expectations and objectives for meaningful parent and family involvement. Section 1116(a)(1–2).

A-9 ALIGN EARLY CHILDHOOD SERVICES WITH HEAD START STANDARDS
In the case of an LEA that chooses to use funds under this Part to provide early childhood education services to low-income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under Section 641A(a) of the Head Start Act (42 USC §9836(a)). Section 1112(c)(7).

A-10 PROVIDE EQUITABLE SERVICES FOR ELIGIBLE STUDENTS IN PRIVATE SCHOOLS:
Provide, after timely and meaningful consultation with private school officials, equitable services to eligible students attending private elementary and secondary schools in accordance with Section 1117.

The LEA must consult with each non-public school about the Title I, Part A grant. The LEA must maintain a written record of the consultation in its records and provide a copy to the SEA by posting the signed document on the online Grants Management System.

A-11 IMPLEMENT THE STATEWIDE ASSESSMENT PROGRAM AND USE ASSESSMENT RESULTS TO REVIEW AND ASSESS PROGRESS:
Comply with the statewide assessment program requirements under Section 1111(b)(2) or Innovative Assessment and Accountability Demonstration Authority under Section 1204(b)(1), (i.e. Performance Assessment for Competency Education). Use the results of the statewide assessment and other measures or indicators available to the LEA, to review annually the progress of each school served by the LEA and receiving funds under this Part. In addition, make widely available through public means (includes posting in a clear and easily accessible manner on the LEA’s website and, where practicable, on the website of each school served by the LEA for each grade level served, information on each assessment required by the State to comply with Section 1111, other assessments required by the State, and where such information is available and feasible to report, assessments required by the LEA, including: (i) subject matter assessed; (ii) the purpose for which the assessment is designed and used; (iii) the source of the requirement for the assessment; and (iv) where such information is available: (I) the amount of
time students will spend taking the assessment and the schedule for the assessment; and (II) the
time and format for disseminating results.

A-12 PARTICIPATE IN THE NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS (NAEP), GRADES 4
and 8, READING AND MATHEMATICS:
Participate, if selected, in NAEP for reading and mathematics in grades 4 and 8 carried out under
Section 303(b)(3) of the NAEP Authorization Act (20 USC SEC 9622(b)(3)).

A-13 PROVIDE TIMELY STUDENT REPORTS TO PARENTS AND TEACHERS
Ensure that the results from the statewide academic assessments required under Section
1111(b)(2) and Section 1204(b)(1) will be provided to parents and teachers as soon as
practicable after the assessment is taken, in an understandable and uniform format and, to the
extent feasible, in a language that the parents can understand.

A-14 PUBLICLY DISSEminate ANNUAL LEA AND SCHOOL REPORT CARDS
Disseminate LEA and school report cards containing, at a minimum, information on teacher
quality, assessment, and school and LEA accountability to all schools in the LEA and to all
parents of students attending those schools in an understandable and uniform format and, to the
extent practicable, in a language that the parents can understand, and make the information
available through public means. Section 1111(h)(2).

Coordinate and integrate services provided under this Part with other educational services at
the LEA or individual school level, such as services for English Learners, children with disabilities,
migratory children, American Indian, Alaska Native, and the Native Hawaiian children, and
homeless children and youths, in order to increase program effectiveness, eliminate duplication,
and reduce fragmentation of the instructional program.

In compliance with Section 1112, coordinate and integrate services with other programs under
this Act (including Title I, Part C, Title II, Title III, etc.), the Individuals with Disabilities Education
Act, the Rehabilitation Act of 1973, the Carl D. Perkins Career and Technical Education Act of
2006, the Workforce Innovation and Opportunity Act, the McKinney-Vento Homeless Assistance
Act, the Head Start Act, the Adult Education and Family Literacy Act, and other Acts, as

  English learners as outlined in Section 1112(3)(A-D).

A-16 ENSURE THE EDUCATIONAL STABILITY OF STUDENTS IN FOSTER CARE
Enroll foster youth or allow the foster youth to remain in their school of origin, unless a determination is made that it is not in the child’s best interest to attend that school. Best interest factors include, but are not limited to, appropriateness of the current educational setting and proximity to the school in which the child is enrolled at the time of placement. Section 1111(g)(1)(E)(i).

Ensure that if a determination is made that it is not in the child’s best interest to remain in the school of origin, the child will be immediately enrolled in a new school, even if the child is unable to produce records normally required for enrollment. Section 1111(g)(1)(E)(ii).
LEAs will immediately contact the school of origin to obtain relevant academic and other records. Section 1111(g)(1)(E)(iii).

Develop and implement clear written procedures governing transportation for students in foster care in their school of origin when in their best interest. The procedure will be provided, arranged, and funded for the duration of their time in foster care, and ensure that students promptly receive that transportation. The transportation procedure must describe how this requirement will be met in the event of a dispute regarding which agency or agencies (LEA, multiple LEAs or child welfare agency) will pay any additional costs incurred in providing transportation, and must describe which agency or agencies will initially pay the additional costs so that transportation is provided promptly during the pendency of the dispute. Section 1119.

A-18 EDUCATION FOR HOMELESS CHILDREN AND YOUTHS

These comparable services shall be provided to homeless children and youth in public schools, shelters and other locations where children may live (institutions for neglected children and, where appropriate, local institutions such as local community day school programs). This reservation requirement is not formula driven. The method of determination of such funds shall be determined as follows:

- Based on the total allocation received by the LEA; and,
- Prior to any allowable expenditure or transfers by the LEA. Section 1113(c)(3)(A).

GEPA 427 General Educational Provisions Act
http://www2.ed.gov/fund/grant/apply/appforms/gepa427.doc

Section 427 requires each LEA applying for funds to include in its application a description of the steps the LEA proposes to take to ensure equitable access to and participation in its federally assisted programs for students, teachers, and other program beneficiaries with special needs. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access to, or participation in, the federally funded project or activities.

1. How does the LEA ensure equitable access for students and teachers to participate in federally assisted programs?

See attached
Moultonborough School District ensures equitable access for students to all federally funded programs, without regard to age, gender, and/or disability. The district ensures equitable access through district procedures and protocols, in accordance with OER guidance.

Moultonborough School District ensures equitable access for teachers to programs funded through federal grant monies. The district ensures equitable access by involving teachers in needs assessment for professional development and through procedures for individual professional development planning that provide opportunities for teacher to appeal supervisory decisions by a panel of peers.
NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about the following provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America’s Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
